PROFESSIONAL SUMMARY

Data Analyst with 2.5+ years of experience in garment merchandising operations, ERP/SAP systems and PO management. Skilled in gathering, cleaning and analyzing data to find important trends and in building clear reports and dashboards that support business decision-making. Experienced in end-to-end PO raising and SAP data entry, cross-department master file maintenance and data reconciliation between customer portals and internal systems. Known for quickly learning new tools, solving problems independently and collaborating effectively with cross-functional teams to drive measurable business impact.

TECHNICAL COMPETENCIES

Data & Analytics : Data Cleaning, Variance Analysis, SAP Data Entry, Financial Reporting, Master Data Management

Systems & Tools : SAP, LOGIC, ERP Systems, Customer Portals, Microsoft Excel, POWER BI.

Operations : Data Reconciliation, PO Management, Margin & Cost Analysis, Cross-Functional Coordination

EMPLOYMENT HISTORY

Data Analyst | **PDS** Group — Vertical **OLE UK**

[Mar 2025 - Jun 2026]
Baridhara DOHS R-6

Order Costings : Analyzed customer portal order costing data and delivered margin insights to key stakeholders to support profitability tracking.

PO Management : Executed PO processing in SAP, maintaining an 80% EOM target rate while collaborating with SAP developers to resolve workflow bottlenecks.

Master File Updates : Managed and updated cross-departmental master data (Merchandising, Sales, QA, Trims) to ensure data integrity across trackers and vendor indices.

Data Reconciliation : Automated/conducted weekly pricing and SAP-vs-master file variance audits, identifying and correcting discrepancies promptly.

Reporting : Presented weekly/monthly updates on order reviews, financials, and sales order status.

Trainee Executive, MIS | RENAISSANCE GROUP

[Jan 2024-Jan 2025]
Uttara, Dhaka

ERP System Analysis : Analyzed post-shipment ERP order data to generate Bill of Materials (BOM) Closing reports for executive decision-making under Business Process Development.

Order Closing : Partnered with Merchandising, Logistics, and Audit teams to compile buyer-wise order histories and streamline timely BOM submissions.

Master Data Management : Enlisted and maintained master data in the ERP system, including colors, yarn/fabric compositions, supplier and buyer details and item records.
